

Our RM EasiMega Media Lab, helps teachers “infuse technology” into their classroom at a whole new level. Prepare your class for the digital future. Infuse Technology into your content with the use of video and podcasting applying Web 2.0 skills. Lessons are brought to life through the cross curricular activities, using the popular RM Tuff-Cam Video/ Still Camera and RM Easi-Speak MP3 recorder/player. The RM EasiMega Media Lab will make your daily lessons more engaging, effective, and exciting for both you and your students. The RM EasiMega Media Lab allows students to explore and learn with tools that are engaging to their digital generation. *For more information, please see RM Education 2009 catalog page 26.*

RM Product Solutions

TITLE I provides supplemental funds to local education agencies (LEAs) for schools that have high concentrations of students from low-income families to help ensure that all students reach proficiency on State assessments in reading and mathematics.

RM EasiMega Lab will help teachers and students:

- » Reach proficiency on state assessments in language arts, history, science and mathematics and improve standards and assessments through the use of interactive technology.
- » Provide best practices and improve teaching by providing interactive technologies for digital students.

IDEA: The purpose of the Special Education Grants to States program, as authorized under Part B of the Individuals with Disabilities Education Act (IDEA), is to help to ensure that children with disabilities have access to appropriate public education.

RM EasiMega Lab will help teachers and students:

- » Obtain state-of-the art assistive technology devices to enhance access to the general curriculum for students with disabilities.
- » Provide proven and innovative strategies in reading, math, writing and science, and positive behavioral supports to improve outcomes for students with disabilities.
- » Develop or expand the capacity to collect and use data to improve teaching and learning.

EETT provides grants to improve student academic achievement through the use of technology in schools and encourage the effective integration of technology with teacher training and curriculum development.

RM EasiMega Lab will help teachers and students:

- » Improve student academic achievement through the use of technology in schools.
- » Assist all students in becoming technologically literate.
- » Encourage the effective integration of technology with teacher training and curriculum development in order to identify successful research-based instructional methods.

SFSF - Stabilize State and local government budgets to avoid reductions in education and other essential public services while driving education reform in four key areas: teacher effectiveness and inequities in the distribution of highly qualified teachers; rigorous college- and career-ready standards and assessments; targeted, intensive support and effective interventions to turn around struggling schools; and pre-K-through-college-and-career data systems.

RM EasiMega Lab will help teachers and students:

- » To reach the goal of increasing America’s talent pool by improving K-12 science and mathematics education.
- » Strengthen the skills of teachers through additional products, materials and content in science, math and technology.
- » Improve student achievement through school improvement and reform.
- » Strengthen and expand early learning.
