

The RM EasiVideo Lite Lab offers teachers the opportunity to integrate technology into the classroom with the popular RM Tuff-Cam video/still camera. The RM Tuff-Cams come stored in a mobile Tuff-Case. The Tuff-Case helps you to take learning outside of the traditional classroom. Students can record field trips, sporting events, outdoor activities, PTA/PTO events and much more. From documentaries to interviewing a "famous astronaut", students will have fun with the RM EasiVideo Lite. *For more information, please see RM Education 2009 catalog page 26.*

## RM Product Solutions

**TITLE I** provides supplemental funds to local education agencies (LEAs) for schools that have high concentrations of students from low-income families to help ensure that all students reach proficiency on State assessments in reading and mathematics.

**RM EasiVideo Lite Lab** will help teachers and students:

- » Reach proficiency on state assessments in language arts, history, science and mathematics and improve standards and assessments through the use of interactive technology.
- » Provide best practices and improve teaching by providing interactive technologies for digital students.

**IDEA:** The purpose of the Special Education Grants to States program, as authorized under Part B of the Individuals with Disabilities Education Act (IDEA), is to help to ensure that children with disabilities have access to appropriate public education.

**RM EasiVideo Lite Lab** will help teachers and students:

- » Obtain state-of-the-art assistive technology devices to enhance access to the general curriculum for students with disabilities.
- » Provide proven and innovative strategies in reading, math, writing and science, and positive behavioral supports to improve outcomes for students with disabilities.
- » Develop or expand the capacity to collect and use data to improve teaching and learning.

**EETT** provides grants to improve student academic achievement through the use of technology in schools and encourage the effective integration of technology with teacher training and curriculum development.

**RM EasiVideo Lite Lab** will help teachers and students:

- » Improve student academic achievement through the use of technology in schools.
- » Assist all students in becoming technologically literate.
- » Encourage the effective integration of technology with teacher training and curriculum development in order to identify successful research-based instructional methods.

**SFSF** - Stabilize State and local government budgets to avoid reductions in education and other essential public services while driving education reform in four key areas: teacher effectiveness and inequities in the distribution of highly qualified teachers; rigorous college- and career-ready standards and assessments; targeted, intensive support and effective interventions to turn around struggling schools; and pre-K-through-college-and-career data systems.

**RM EasiVideo Lite Lab** will help teachers and students:

- » To reach the goal of increasing America's talent pool by improving K-12 science and mathematics education.
- » Strengthen the skills of teachers through additional products, materials and content in science, math and technology.
- » Improve student achievement through school improvement and reform.
- » Strengthen and expand early learning.
