

We have listened to your wish for data logging equipment and have developed one based on your feedback.

- » All sensors are built-in (temperature, light and sound). You don't even need to connect it to a computer - just log in and go!
- » Specifically designed for smaller hands to hold easily
- » Robust design

For more information, please see RM Education 2009 catalog page 25.

## RM Product Solutions

**TITLE I** provides supplemental funds to local education agencies (LEAs) for schools that have high concentrations of students from low-income families to help ensure that all students reach proficiency on State assessments in reading and mathematics.

**RM Log-Box** will help teachers and students:

- » Reach proficiency on state assessments in science and improve standards and assessments through the use of interactive technology.
- » Provide best practices and improve teaching by providing interactive technologies for digital students.

**IDEA:** The purpose of the Special Education Grants to States program, as authorized under Part B of the Individuals with Disabilities Education Act (IDEA), is to help to ensure that children with disabilities have access to appropriate public education.

**RM Log-Box** will help teachers and students:

- » Obtain state-of-the-art assistive technology devices to enhance access to the general curriculum for students with disabilities.
- » Provide proven and innovative strategies in science, and positive behavioral supports to improve outcomes for students with disabilities.
- » Develop or expand the capacity to collect and use data to improve teaching and learning.

**EETT** provides grants to improve student academic achievement through the use of technology in schools and encourage the effective integration of technology with teacher training and curriculum development.

**RM Log-Box** will help teachers and students:

- » Improve student academic achievement through the use of technology in schools.
- » Assist all students in becoming technologically literate.
- » Encourage the effective integration of technology with teacher training and curriculum development in order to identify successful research-based instructional methods.

**SFSF** - Stabilize State and local government budgets to avoid reductions in education and other essential public services while driving education reform in four key areas: teacher effectiveness and inequities in the distribution of highly qualified teachers; rigorous college- and career-ready standards and assessments; targeted, intensive support and effective interventions to turn around struggling schools; and pre-K-through-college-and-career data systems.

**RM Log-Box** will help teachers and students:

- » To reach the goal of increasing America's talent pool by improving K-12 science and technology education.
- » Strengthen the skills of teachers through additional products, materials and content in science and technology.
- » Provide science curriculum resources and interactive teacher tools that are very visual and that help teachers to deliver lessons which are exciting, fast-paced, and speak to all student learning styles resulting in improved student performance and test scores.
- » Improve student achievement through school improvement and reform.
- » Strengthen and expand early learning.
