

RM Sonica ESL is an innovative teaching and learning package designed to utilize 'multiple intelligences' in the learning process such as verbal pronunciation, written text, spelling, even simple math to assist with numbers and their value/meaning. With over 180 activities, each highly motivating resource is designed for use with any brand of interactive device: whiteboard, slate or projector. Each activity can also be used to consolidate on skills learned with students accessing them individually using laptops/desktops. *For more information, please see RM Education 2009 catalog pages 14-15.*

RM Product Solutions

TITLE I provides supplemental funds to local education agencies (LEAs) for schools that have high concentrations of students from low-income families to help ensure that all students reach proficiency on State assessments in reading and mathematics.

RM Sonica will help teachers and ELL/ESL students:

- » Reach proficiency on state assessments.
- » Improve standards and assessments through it's interactive content and lessons.
- » Provide best practices and improve teaching by providing interactive content and lessons.
- » Improve in the collection and use of data to drive reforms through it's data management.

IDEA: The purpose of the Special Education Grants to States program, as authorized under Part B of the Individuals with Disabilities Education Act (IDEA), is to help to ensure that children with disabilities have access to appropriate public education.

RM Sonica will help teachers and ELL/ESL students:

- » Obtain state-of-the art assistive technology devices to enhance access to the general curriculum for students with disabilities.
- » Provide proven and innovative strategies in ESL/ELL, and positive behavioral supports to improve outcomes for students with disabilities.
- » Develop or expand the capacity to collect and use data to improve teaching and learning.

EETT provides grants to improve student academic achievement through the use of technology in schools and encourage the effective integration of technology with teacher training and curriculum development.

RM Sonica will help teachers and ELL/ESL students:

- » Improve student academic achievement through the use of technology in schools.
- » Assist all students in becoming technologically literate.
- » Encourage the effective integration of technology with teacher training and curriculum development in order to identify successful research-based instructional methods.
